RE: Museum District Mill Levy

To Whom It May Concern:

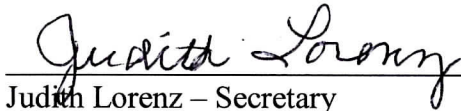

The Weston County Museum District would like to formally request one full mill be levied for District funding for Fiscal Year 2018-2019, as even if it exceeds budgeted figures, any additional amounts will be carried forward and allocated to future expenditures. A copy of the District's 2018-2019 Fiscal Year budget is attached to this request. Thank you for your time and consideration in this matter.

Respectfully,
