

WHAT WE DO

Weston County Public Health is your partner in health through every stage of life. Together with our knowledgeable and professional staff, we offer healthcare services for all residents. No matter the reason you step through our door, we promise to provide caring, respectful, and individualized care.

IMMUNIZATIONS	We believe in safeguarding the health of Weston County through comprehensive immunization services. We provide safe, evidence-based immunizations for individuals of all ages to help prevent the spread of infectious disease in our communities.
EDUCATION	Knowledge is power when it comes to your health. Weston County Public Health facilitates programs and provides outreach in Weston County so individuals and families can make informed decisions about their health and wellbeing.
DISEASE PREVENTION	Weston County Public Health takes charge in disease prevention with proactive initiatives, education, and accessibility to health services such as vaccinations and screenings so our communities remain safe, healthy, and protected from disease.
TESTING	With a focus on privacy, accessibility, and individualized care, Weston County Public Health offers testing for a variety of purposes to meet your needs. From STIs to blood pressure and more, your health is our priority and passion.
MATERNAL & INFANT CARE	Specializing in maternal and infant care, Weston County Public Health provides home visits for newborns, breastfeeding support, childbirth classes, and special needs family support. We're close to home so you can receive quick and passionate care for the ones close to your heart.
FAMILY PLANNING	Weston County Public Health understands the importance of family planning. We offer birth control and pregnancy testing services designed to support individuals in making informed decisions about their family and their future.
HIV SUPPORT	Our caring team at Weston County Public Health provides compassionate care, education, and resources to navigate the challenges of living with HIV. We're committed to improving quality of life and empower individuals living with HIV through comprehensive services.
SMOKING CESSATION	At Weston County Public Health, we put our passion into action and help you quit smoking. Our smoking cessation services offer personalized support, resources, and evidence-based strategies to help you kick the habit for good.
DIABETES	Weston County Public Health supports you through every phase of life including navigating diabetes. Whether you're newly diagnosed or have been living with diabetes for years, our caring and knowledgeable team is here to provide the guidance, resources, and encouragement you need to manage your condition.
EMERGENCY PREPAREDNESS	Preparing for the unexpected is critical for protecting the health, safety and wellbeing of Weston County residents. We offer services to equip individuals, families, and organizations with the knowledge, resources, and procedures needed to respond effectively in times of crisis.
